VIRTUAL VIDEO PRODUCTION

OVERVIEW

Event/presentation videos offer an opportunity to maximize the reach and impact of your message and brand. Well crafted stories with targeted messages establish you as a thought leader but poorly produced video can quickly tarnish your brand. Below are a variety of video offerings. Each package will be tailored to fit your brand, budget, and target audience. One presentation may be packaged into a series of videos to be released throughout the year in an effort to shape your market and clients.

VIRTUAL VIDEO PACKAGES

All packages include incorporation of your logo, branding guides, title graphics, lower third information of speaker names/titles, intro/outro background music, and closed captioning. Videos are professionally color graded/audio mixed. Two rough cut reviews allow you to provide a list of editing requests before receiving final cuts via digital file transfer. (\$50/hour for additional edits).
